

COMP 3700 Quizzes

Fall 2023

Take each of these six w3schools quizzes and email me a screenshot of the page with your score. You may repeat them as needed before submitting your score. Each has 25 questions and points, except HTML, which has 40. I encourage you to work through the tutorials in advance as needed. Turn them in as completed, but all must be submitted no later than the last day before fall break (October 6).
