

Data Analytics in Python  
COMP 2800  
Spring 2024

## Assignment 1

1. Download the assign1.txt file from the web site
2. Rename the file assign1.py
3. Using the programmer's editor of your choice (VS Code, IDLE, etc.), solve each of the problems specified in that file.
4. Save the file and rename it back to assign1.txt
5. Email it as an attachment to Prof. Stucki.
